

NEW Atom PRO MAX Edger

The NEW Atom PRO MAX Cart Path Edger now features the commercial grade Honda GX-50 engine. Shaft drive means that all 50cc's get right to the blades of this highly maneuverable, incredibly fast and easy to use edger. Based on the award-winning Professional edger platform this is the most powerful, safe, durable edger on the market. The wheel barrow design puts the full weight of the machine on the wheel for easy use.

Blade Options

The forward rotating cross-over blade system keep it on line and moving forward (standard).

The PRO MAX is also available with an optional Wire Wheel Brush Blade for asphalt, paver Joints and as a crevice cleaner.
